

# Why the Spider Has Long Legs 2

Derwent 

Thread Following

Tie a thread to an object and unravel around the house. Can your child follow the thread back to the original object? Swap over and see if your child can set a thread maze for you.

Cooking and Tasting

Use the links on the website to take you to some on the recipes similar to those made by the animals in the story. Make them together. Have a tasting session. Which do you like? Can you put them in order of favourite to worst?

Reading

Read the second version of the story together and ask questions appropriate to your child:  
Where is the ... (e.g. spider, rabbit, mouse etc.)?  
What do you think happens next?  
What does Anansi want?  
What is different in this story to the other?

Rhyming Words Activity

Make spiders with rhyming words on each leg. How many sets can you make?
