

# Whatever Next?

## Fine Motor Skills

Can you poke long spaghetti through the holes in a colander? If you don't have a colander, you could ask an adult to cover a tub with masking tape and cut holes in it. Snap the spaghetti into smaller pieces and see if you can post them through the holes in the tape and into the tub.

## Listen

Listen to the story using the link below. Remember to pause and listen to the sound effects. What's going to happen next?

<https://cutt.ly/dyly5n0>

## Dressing Up

Can you remember what baby bear put on his feet in the story? What did he put on his head? Can you dress up and pack a suitcase or box full of the items he took to space?

## Picnic

Baby bear took a picnic with him to the moon. Can you help make a picnic? Perhaps you could help put tomatoes or grapes into containers, or spread butter onto the sandwiches (that's really tricky!) You could choose where to have the picnic in the garden too? Remember to take a soft toy with you!
