### The Water Cycle: Clouds Reading and Videos

Read the book to someone or follow along with the audio.  
Watch the video showing clouds forming in the sky.  
Talk to someone about what you can read and see.  
Look at the sky and talk about the clouds you can see today.

### Music Activity

Keep practising singing and signing your water themed songs.  
Can you teach the signs to someone else at home?  
Can you talk about how each song fits in to the water cycle?

### Cloud Art Activity

Look at the PowerPoint for ideas about making cloud art.  
You could use paint, collage, cotton wool or drawing - Which ones will you choose to make?
