Our Holistic Outreach Services

At The Loyne we understand that high quality training and access to appropriate resources allows staff to develop the skills that enable them to work with all pupils, especially those with additional needs & barriers to learning. Our outreach service aims to provide schools with the support they need through staff training, advice on individual and groups of pupils and the delivery of INSET.

Opportunities are available for staff to visit The Loyne for support, advice & information.

We have set out some areas detailed in this leaflet in which we can offer support. **However, this list is not exhaustive.** Please get in touch for further information or to enquire about bespoke support & training.
