

Easedale's Home Activity Ideas

21.5.20

Shape art activity

1

You can make art using regular or irregular 2D shapes.
Look at the PowerPoint for ideas of how to print with recycled tubs, trace around your hand or use a straw to blow paint and make cool pictures.
Can you talk about the shapes and colours you see in the pictures?
Can you add detail to your pictures?

Water and music activity

2

Watch the video to find out how to make music with water and bottles.
Can you experiment with different amounts of water to change the sound of the musical notes?
Can you make up a tune or join in with your favourite song playing your bottle instruments?

Roll the dice activity game

3

Follow the instructions to play the fun roll the dice activity game.
Take it in turns to play with people at home.
Can you take turns sensibly?
Can you say whose turn it is next?
Can you talk about how exercise makes you feel?
