### WASH THE CAR

Use the hosepipe to get rid of any loose dirt. Use car shampoo or washing soap, a clean sponge and some warm water to wash the car. Remember to hose all the soapy water off the car.

2

### DEEP CLEAN YOUR ROOM

You could do a deep clean in your room, sorting out your drawers, clothes, cleaning the skirting boards, move the furniture and Hoover under your bed.

3

### Ironing

Use the skills you have learnt during school and iron the clothes in the ironing pile. Be careful of the hot iron.
