

Easedale's Home Activities

#01

Shape Art

Make some amazing shape art

- Cut out lots of little 2D shapes (or get an adult to help you) and then sort them into the right shape trees.
- Use recycled cardboard to draw shapes on, then cut them up and have fun putting the shape jigsaws back together.
- Use 2D shape cut outs to make a picture – what about a robot, house or animal?

Can you label or talk about the shapes you have used?

Check the PowerPoint for examples.

#02

Water Activities

Sing a song and read a story all about rivers

Practice singing and signing 'Down to the River to Pray' Can you remember some of the words and signs now?

Read the story 'Pip Investigates Rivers'. Talk about the story with someone at home. Have you been on any riverside walks before? Can you remember what you could see, hear and touch on the walk?

#03

Being Helpful

Show how good you are at helping round the house

Easedale usually help do jobs every day in class. Use the jobs chart on the PowerPoint and challenge yourself to do at least one helpful thing every day at home.

You could sing the Mary Poppins song we learnt in class 'A Spoonful of Sugar' to help you while you work.
