

Lets get busy: In the garden

Watering

Water plants with a suitable sized watering can or jug filled from a bucket or tap. Use hose pipe when ready to do so.

With a bucket of warm soapy water, wash plastic garden toys swings/slides/bikes.

(tip; wear wellies, a hat and waterproofs if cold).

Tidy up

Pick up little twigs and leaves from the ground and place in a bucket and transport to compost.

Practice sweeping with small brush.

Pull up weeds, an adult may need to direct to ensure only weeds are pulled up not flowers.

Carry pruning's to compost

Planting

Fill pots with compost repeatedly, as many times as enjoyable, using spoons or trowels dependent on hand size.

Put large seeds in the pots or ground.

Using a pinch action sprinkle cress/ lettuce seeds/onto trays of compost.

Make a label to name the crop, lolly sticks/stiff card/plastic: practice writing skills.

Gathering & Counting

Go out to collect 1,2 or 3 of a specific item, support from a distance.

Let child collect independently.

Use a plastic box/basket or colander.

How many birds can you spot?
